AUG 13 2014

AMENDED IN SENATE AUGUST 11, 2014

AMENDED IN SENATE JUNE 12, 2014

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 1471

Introduced by ~~Committee on Budget (Skinner (Chair), Bloom, Campos, Chesbro, Dababneh, Daly, Dickinson, Gordon, Jones-Sawyer, Mullin, Muratsuchi, Nazarian, Rodriguez, Stone, Ting, and Weber)~~ Assembly Members ~~Rendon and Atkins~~

Rendon, Atkins, Gatto, Perea, Salas, and Gomez

(Principal coauthors: Senators Pavley, Steinberg, and Wolk)

(Coauthors: Assembly Members Achadjian, Allen, Bigelow, Chavez, Conway, Gorell, Gray, Hagman, Harkey, Linder, Logue; Maienschein, Nazarian, Olsen, Wagner, Wilk, and Nestande)

V. Manuel Perez

(Coauthors: Senators Beall, Berryhill, Block, Cannella, Corbett, Correa, De León, DeSaulnier, Fuller, Gaines, Galgiani, Hernandez, Hill, Hueso, Huff, Jackson, Knight, Lara, Liu, Mitchell, Monning, Nielsen, Padilla, [REDACTED], Roth, [REDACTED], Torres, Vidak, [REDACTED] and Wyland)

January 9, 2014

~~An act to amend Sections 12722 and 12728 of, and to add Section 12559 to, the Health and Safety Code, relating to fireworks, and declaring the urgency thereof, to take effect immediately. An act to add Section~~ Sections 5096.968 and

75089 to the Public Resources Code, to add ~~Section 79591~~

Sections 13467, 78691.5, 79222, and 79591 to, and to repeal and add Division 26.7 (commencing with Section 79700) of, the Water Code, and to repeal Section 2 of Chapter 3 of the Seventh Extraordinary Session of the Statutes of 2009, relating to a water quality, supply, and infrastructure improvement program, by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California and for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 1471, as amended, Rendon. Water Quality, Supply, and Infrastructure Improvement Act of 2014.

(1) Existing law, the Safe, Clean, and Reliable Drinking Water Supply Act of 2012, if approved by the voters, would authorize the issuance of bonds in the amount of \$11,140,000,000 pursuant to the State General Obligation Bond Law to finance a safe drinking water and water supply reliability program. Existing law provides for the submission of the bond act to the voters at the November 4, 2014, statewide general election.

This bill would repeal these provisions.

(2) Under existing law, various measures have been approved by the voters to provide funds for water supply and protection facilities and programs. Existing law, the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006, an initiative measure approved by the voters as Proposition 84 at the November 7, 2006, statewide general election, authorizes the issuance of bonds in the amount of \$5,388,000,000 for the purposes of financing safe drinking water, water quality and supply, flood control, natural resource protection, and park improvements. Existing law, the Disaster Preparedness and Flood Prevention Bond Act of 2006, approved by the voters as Proposition 1E at the November 7, 2006, general statewide election, authorizes the issuance of bonds in the amount of \$4,090,000,000 for the purposes of financing disaster preparedness and flood prevention projects. Existing law, the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002, an initiative measure approved by the voters as Proposition 50 at the November 5, 2002, statewide general election, authorizes, for the purposes of financing a safe drinking water, water quality, and water reliability program, the issuance of bonds in the amount of \$3,440,000,000. Existing law, the Costa-Machado Water Act of 2000, approved by the voters as Proposition 13 at the March 7, 2000, statewide primary election, authorizes the issuance of general obligation bonds in the amount of \$1,970,000,000 for the purposes of financing a safe drinking water, clean water, watershed protection, and flood protection program. Existing law, the Safe, Clean, Reliable Water Supply Act, approved by the voters as Proposition 204 at the November 5, 1996, statewide general election, authorizes the issuance of general obligation bonds in the amount of \$995,000,000 for the purposes of financing a safe, clean, reliable water supply program. Existing law, the Water Conservation and Water Quality Bond Law of 1986, approved by the voters as Proposition 44 at the June 3, 1986, statewide

primary election, authorizes the issuance of general obligation bonds in the amount of \$150,000,000 for the purposes of financing a water conservation and water quality program.

This bill would enact the Water Quality, Supply, and Infrastructure Improvement Act of 2014, which, if approved by the voters, would authorize the issuance of bonds in the amount of ~~\$6,995,000,000~~ \$7,120,000,000 pursuant to the State General Obligation Bond Law to finance a water quality, supply, and infrastructure improvement program. This bill, upon voter approval, would reallocate ~~\$105,000,000 of specified funds authorized for the purposes of Proposition 84 and \$95,000,000 of specified funds~~ \$425,000,000 of the unissued bonds authorized for the purposes of Proposition 50 for Propositions 1E, 13, 44, 50, 84, and 204 to finance the purposes of a water quality, supply, and infrastructure improvement program.

This bill would provide for the submission of these provisions to the voters at the November 4, 2014, statewide general election.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: 2/3. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 5096.968 is added to the Public Resources Code, to read:
5096.968. Notwithstanding any other law, one hundred million dollars (\$100,000,000) of the unissued bonds authorized for the purposes of this chapter are reallocated to finance the purposes of, and shall be authorized, issued, and appropriated in accordance with, Division 26.7 (commencing with Section 79700) of the Water Code. The funds available for reallocation shall be made on a pro-rata basis from each bond allocation of this chapter.

1 ~~SECTION 1. Section 75089 is added to the Public Resources~~
2 ~~Code, to read:~~

3 75089. Notwithstanding any other law, one hundred five million
4 dollars (\$105,000,000) of the ~~funds~~ authorized for the purposes
5 of this division ~~and set aside for the administration and bond~~
6 ~~issuance costs~~ are reallocated for the purposes of 2

→ SEL. 2.

→ unissued bonds

, and shall be authorized, issued, and appropriated in accordance with, Division 26.7
(commencing with Section 79700) of the Water Code.

The funds available for reallocation shall be made on a pro-rata basis from each bond allocation of this division.

SEC. 3. Section 13467 is added to the Water Code, to read:

13467. Notwithstanding any other law, thirteen million five hundred thousand dollars (\$13,500,000) of the unissued bonds authorized for the purposes of subdivision (a) of Section 13459 are reallocated to finance the purposes of, and shall be authorized, issued, and appropriated in accordance with, Division 26.7 (commencing with Section 79700).

SEC. 4. Section 78691.5 is added to the Water Code, to read:

78691.5. Notwithstanding any other law, nine million nine hundred thousand dollars (\$9,900,000) of the unissued bonds authorized for the purposes of Sections 78550 to 78551, inclusive, three million two hundred thousand dollars (\$3,200,000) of the unissued bonds authorized for the purposes of Section 78671, three million five hundred thousand dollars (\$3,500,000) of the unissued bonds authorized for the purposes of paragraph (3) of subdivision (a) of Section 78680, and eight million one hundred thousand dollars (\$8,100,000) of the unissued bonds authorized for the purposes of Section 78681.2, and eight hundred thousand dollars (\$800,000) of the unissued bonds authorized for the purposes of Section 78530.5 are reallocated to finance the purposes

of, and shall be authorized, issued, and appropriated in accordance with, Division 26.7 (commencing with Section 79700).

SEC. 5. Section 79222 is added to the Water Code, to read:

79222. Notwithstanding any other law, thirty-four million dollars (\$34,000,000) of the unissued bonds authorized for the purposes of Section 79157, and fifty-two million dollars (\$52,000,000) of the unissued bonds authorized for the purposes of Section 79195 are reallocated to finance the purposes of, and shall be authorized, issued, and appropriated in accordance with, Division 26.7 (commencing with Section 79700).

8 ~~SEC. 2.~~ Section 79591 is added to the Water Code, to read: → SEC. 6.
9 79591. Notwithstanding any other law, ninety-five million
10 dollars (\$95,000,000) of the funds authorized for the purposes of → unissued bonds
11 this division and set aside for the administration and bond issuance
12 ~~costs~~ are reallocated for the purposes of ↓

, and shall be authorized, issued, and appropriated in accordance with, Division 26.7
13 (commencing with Section 79700). ↓

The funds available for reallocation shall be made on a pro-rata basis from each bond allocation of this division.

14 ~~SEC. 3.~~ Division 26.7 (commencing with Section 79700) of → SEC. 7.
15 the Water Code, as added by Section 1 of Chapter 3 of the Seventh
16 Extraordinary Session of the Statutes of 2009, is repealed.
17 ~~SEC. 4.~~ Division 26.7 (commencing with Section 79700) is → SEC. 8.
18 added to the Water Code, to read:

79700. This division shall be known, and may be cited, as the
Water Quality, Supply, and Infrastructure Improvement Act of
2014.

CHAPTER 2. FINDINGS

79701. The people of California find and declare all of the
following:

(a) Safeguarding California's supply of clean and safe water
for homes, businesses, and farms is an essential responsibility of
government, and critical to protecting the quality of life for all
Californians.

(b) Every Californian should have access to clean, safe, and
reliable drinking water.

1 (c) California has been experiencing more frequent and severe
2 droughts and is currently enduring the worst drought in 200 years.
3 These droughts are magnifying the shortcomings of our current
4 water infrastructure.

5 (d) California's water infrastructure continues to age and
6 deteriorate. More than 50 years ago, Californians approved the
7 construction of the State Water Project. In recent decades,
8 however, that infrastructure has proven inadequate to meet
9 California's growing needs.

10 (e) This measure provides funding to implement the three
11 objectives of the California Water Action Plan which are more
12 reliable water supplies, the restoration of important species and
13 habitat, and a more resilient and sustainably managed water
14 infrastructure.

15 (f) Developing and guarding our water resources is critical for
16 California to maintain vibrant communities, globally competitive
17 agriculture, and healthy ecosystems.

18 (g) Encouraging water conservation and recycling are
19 commonsense methods to make more efficient use of existing water
20 supplies.

21 (h) Sustainable water management in California depends upon
22 reducing and reversing overdraft and water quality impairment
23 of groundwater basins. Investments to expand groundwater storage
24 and reduce and reverse overdraft and water quality impairment
25 of groundwater basins provide extraordinary public benefit and
26 are in the public interest.

27 (i) Protecting lakes, rivers, and streams, cleaning up polluted
28 groundwater supplies, and preserving water sources that supply
29 the entire state are crucial to providing a reliable supply of water
30 and protecting the state's natural resources.

31 (j) The Water Quality, Supply, and Infrastructure Improvement
32 Act of 2014 provides a comprehensive and fiscally responsible
33 approach for addressing the varied challenges facing California's
34 water resources.

35
36 CHAPTER 3. DEFINITIONS

37
38 79702. Unless the context otherwise requires, the definitions
39 set forth in this section govern the construction of this division, as
40 follows:

1 (a) "Acquisition" means obtaining a fee interest or any other
2 interest in real property, including, easements, leases, water, water
3 rights, or interest in water obtained for the purposes of instream
4 flows and development rights.

5 (b) "CALFED Bay-Delta Program" means the program
6 described in the Record of Decision dated August 28, 2000.

7 (c) "Commission" means the California Water Commission.

8 (d) "Committee" means the Water Quality, Supply, and
9 Infrastructure Improvement Finance Committee created by Section
10 79787.

11 (e) "Delta" means the Sacramento-San Joaquin Delta, as
12 defined in Section 85058.

13 (f) "Delta conveyance facilities" means facilities that convey
14 water directly from the Sacramento River to the State Water Project
15 or the federal Central Valley Project pumping facilities in the
16 south Delta.

17 (g) "Delta counties" means the Counties of Contra Costa,
18 Sacramento, San Joaquin, Solano, and Yolo.

19 (h) "Delta plan" has the meaning set forth in Section 85059.

20 (i) "Director" means the Director of Water Resources.

21 (j) "Disadvantaged community" has the meaning set forth in
22 subdivision (a) of Section 79505.5.

79505.5, as it may be amended.

23 (k) "Economically distressed area" means a municipality with
24 a population of 20,000 persons or less, a rural county, or a
25 reasonably isolated and divisible segment of a larger municipality
26 where the segment of the population is 20,000 persons or less,
27 with an annual median household income that is less than 85
28 percent of the statewide median household income, and with one
29 or more of the following conditions as determined by the
30 department:

31 (1) Financial hardship.

32 (2) Unemployment rate at least 2 percent higher than the
33 statewide average.

34 (3) Low population density.

35 (l) "Fund" means the Water Quality, Supply, and Infrastructure
36 Improvement Fund of 2014 created by Section 79715.

37 (m) "Instream flows" means a specific streamflow, measured
38 in cubic feet per second, at a particular location for a defined time,
39 and typically follows seasonal variations.

- 1 (n) "Integrated regional water management plan" has the
2 meaning set forth in Part 2.2 (commencing with Section 10530)
3 of Division 6, as that part may be amended.
- 4 (o) "Long-term" means for a period of not less than 20 years.
- 5 (p) "Nonprofit organization" means an organization qualified
6 to do business in California and qualified under Section 501(c)(3)
7 of Title 26 of the United States Code.
- 8 (q) "Proposition 1E" means the Disaster Preparedness and
9 Flood Prevention Bond Act of 2006 (Chapter 1.699 (commencing
10 with Section 5096.800) of Division 5 of the Public Resources
11 Code).
- 12 (r) "Proposition 84" means the Safe Drinking Water, Water
13 Quality and Supply, Flood Control, River and Coastal Protection
14 Bond Act of 2006 (Division 43 (commencing with Section 75001)
15 of the Public Resources Code).
- 16 (s) "Public agency" means a state agency or department,
17 district, joint powers authority, city, county, city and county, or
18 other political subdivision of the state.
- 19 (t) "Rainwater" has the meaning set forth in subdivision (c) of
20 Section 10573.
- 21 (u) "Secretary" means the Secretary of the Natural Resources
22 Agency.
- 23 (v) "Severely disadvantaged community" has the meaning set
24 forth in subdivision (a) of Section 116760.20 of the Health and
25 Safety Code.
- 26 (w) "Small community water system" means a community water
27 system that serves no more than 3,300 service connections or a
28 yearlong population of no more than 10,000 persons.
- 29 (x) "State board" means the State Water Resources Control
30 Board.
- 31 (y) "State General Obligation Bond Law" means the State
32 General Obligation Bond Law (Chapter 4 (commencing with
33 Section 16720) of Part 3 of Division 4 of Title 2 of the Government
34 Code).
- 35 (z) "State small water system" has the meaning set forth in
36 subdivision (n) of Section 116275 of the Health and Safety Code.
- 37 (aa) "Stormwater" has the meaning set forth in subdivision (e)
38 of Section 10573.

1 (ab) "Water right" means a legal entitlement authorizing water
2 to be diverted from a specified source and put to a beneficial,
3 nonwasteful use.

4
5 CHAPTER 4. GENERAL PROVISIONS
6

7 79703. An amount that equals not more than 5 percent of the
8 funds allocated for a grant program pursuant to this division may
9 be used to pay the administrative costs of that program.

10 79704. Unless otherwise specified, up to 10 percent of funds
11 allocated for each program funded by this division may be
12 expended for planning and monitoring necessary for the successful
13 design, selection, and implementation of the projects authorized
14 under that program. This section shall not otherwise restrict funds
15 ordinarily used by an agency for "preliminary plans," "working
16 drawings," and "construction" as defined in the annual Budget
17 Act for a capital outlay project or grant project. Water quality
18 monitoring data shall be collected and reported to the state board
19 in a manner that is compatible and consistent with surface water
20 monitoring data systems or groundwater monitoring data systems
21 administered by the state board. Watershed monitoring data shall
22 be collected and reported to the Department of Conservation in a
23 manner that is compatible and consistent with the statewide
24 watershed program administered by the Department of
25 Conservation.

26 79705. Chapter 3.5 (commencing with Section 11340) of Part
27 1 of Division 3 of Title 2 of the Government Code does not apply
28 to the development or implementation of programs or projects
29 authorized or funded under this division other than Chapter 8
30 (commencing with Section 79750).

31 79706. (a) Prior to disbursing grants or loans pursuant to this
32 division, each state agency that receives an appropriation from
33 the funding made available by this division to administer a
34 competitive grant or loan program under this division shall develop
35 and adopt project solicitation and evaluation guidelines. The
36 guidelines shall include monitoring and reporting requirements
37 and may include a limitation on the dollar amount of grants or
38 loans to be awarded. If the state agency has previously developed
39 and adopted project solicitation and evaluation guidelines that

1 *comply with the requirements of this subdivision, it may use those*
2 *guidelines.*

3 *(b) Prior to disbursing grants or loans, the state agency shall*
4 *conduct three public meetings to consider public comments prior*
5 *to finalizing the guidelines. The state agency shall publish the draft*
6 *solicitation and evaluation guidelines on its Internet Web site at*
7 *least 30 days before the public meetings. One meeting shall be*
8 *conducted at a location in northern California, one meeting shall*
9 *be conducted at a location in the central valley of California, and*
10 *one meeting shall be conducted at a location in southern*
11 *California. Upon adoption, the state agency shall transmit copies*
12 *of the guidelines to the fiscal committees and the appropriate policy*
13 *committees of the Legislature.*

14 *79707. It is the intent of the people that:*

15 *(a) The investment of public funds pursuant to this division will*
16 *result in public benefits that address the most critical statewide*
17 *needs and priorities for public funding.*

18 *(b) In the appropriation and expenditure of funding authorized*
19 *by this division, priority will be given to projects that leverage*
20 *private, federal, or local funding or produce the greatest public*
21 *benefit.*

22 *(c) A funded project advances the purposes of the chapter from*
23 *which the project received funding.*

24 *(d) In making decisions regarding water resources, state and*
25 *local water agencies will use the best available science to inform*
26 *those decisions.*

27 *(e) Special consideration will be given to projects that employ*
28 *new or innovative technology or practices, including decision*
29 *support tools that support the integration of multiple jurisdictions,*
30 *including, but not limited to, water supply, flood control, land use,*
31 *and sanitation.*

32 *(f) Evaluation of projects considered for funding pursuant to*
33 *this division will include review by professionals in the fields*
34 *relevant to the proposed project.*

35 *(g) To the extent practicable, a project supported by funds made*
36 *available by this division will include signage informing the public*
37 *that the project received funds from the Water Quality, Supply,*
38 *and Infrastructure Improvement Act of 2014.*

1 (h) Projects funded with proceeds from this division will be
2 consistent with Division 7 (commencing with Section 13000) of
3 this code and Section 13100 of the Government Code.

4 (i) Projects funded with proceeds from this division will promote
5 state planning priorities consistent with the provisions of Section
6 65041.1 of the Government Code and sustainable communities
7 strategies consistent with the provisions of subparagraph (B) of
8 paragraph (2) of subdivision (b) of Section 65080 of the
9 Government Code, to the extent feasible.

10 (j) California's working agricultural and forested landscapes
11 will be preserved wherever possible. To the extent feasible,
12 watershed objectives included in this division should be achieved
13 through use of conservation easements and voluntary landowner
14 participation, including, but not limited to, the use of easements
15 pursuant to Division 10.2 (commencing with Section 10200) and
16 Division 10.4 (commencing with Section 10330) of the Public
17 Resources Code and voluntary habitat credit exchange
18 mechanisms.

19 79708. (a) The Department of Finance shall provide for an
20 independent audit of expenditures pursuant to this division. The
21 secretary shall publish a list of all program and project
22 expenditures pursuant to this division not less than annually, in
23 written form, and shall post an electronic form of the list on the
24 Natural Resources Agency's Internet Web site.

25 (b) If an audit, required by statute, of any entity that receives
26 funding authorized by this division is conducted pursuant to state
27 law and reveals any ~~malfeasance~~, the California State Auditor or
28 the Controller may conduct a full audit of any or all of the activities
29 of that entity.

impropriety,

30 (c) The state agency issuing any grant or loan with funding
31 authorized by this division shall require adequate reporting of the
32 expenditures of the funding from the grant or loan.

33 (d) Prior to soliciting projects pursuant to this division, state
34 agencies shall submit guidelines to the secretary. The secretary
35 shall verify that the guidelines are consistent with applicable
36 statutes and for all the purposes enumerated in this division. The
37 secretary shall post an electronic form of the guidelines submitted
38 by state agencies and the subsequent verifications on the Natural
39 Resources Agency's Internet Web site.

1 79709. (a) Funds expended pursuant to this division for the
2 acquisition of a permanent dedication of water shall be in
3 accordance with Section 1707 where the state board specifies that
4 the water is in addition to water that is required for regulatory
5 requirements as provided in subdivision (c) of Section 1707. The
6 expenditure of funds provided by this division may include the
7 initiation of the dedication as a short term or temporary urgency
8 change, that is approved in accordance with Section 1707 and
9 either Chapter 6.6 (commencing with Section 1435) of, or Chapter
10 10.5 (commencing with Section 1725) of, Part 2 of Division 2,
11 during the period required to prepare any environmental
12 documentation and for approval of permanent dedication.

13 (b) Funds expended pursuant to this division for the acquisition
14 of long-term transfers of water shall be transfers in accordance
15 with Sections 1735, 1736, and 1737 if the state board, after
16 providing notice and opportunity for a hearing, approves such a
17 petition. Funds expended pursuant to this division shall prioritize
18 permanent transfers ~~and long-term transfers of water~~. Long-term
19 transfers shall be for a period of not less than 20 years, except for
20 any water transfers for the benefit of subsection (d) of Section
21 3406 of the Central Valley Project Improvement Act (Title 34 of
22 Public Law 102-575).

23 (c) Funds expended ~~as described in this section~~.

pursuant to this division for any acquisition of water shall only be done pursuant to
this section and

24 *shall only be*
25 *used for projects that will provide fisheries or ecosystem benefits*
26 *or improvements that are greater than required applicable*
27 *environmental mitigation measures or compliance obligations in*
28 *effect at the time the funds from this division are made available*
29 *for the project and funds shall not be credited to any ~~such~~ measures*
30 *or obligations, except for any water transfers for the benefit of*
31 *subsection (d) of Section ~~3405 of Title 34 of the Central Valley~~*
32 *Project Improvement Act (Title 34 of Public Law 102-575).*

33 79710. (a) Funds provided by this division shall not be
34 expended to pay the costs of the design, construction, operation,
35 mitigation, or maintenance of Delta conveyance facilities. Those
36 costs shall be the responsibility of the water agencies that benefit
37 from the design, construction, operation, mitigation, or
38 maintenance of those facilities.

39 (b) To the extent feasible, in implementing subdivision (k) of
40 Section 79731, the Sacramento-San Joaquin Delta Conservancy
shall seek to achieve wildlife conservation objectives through

3406

1 projects on public lands or voluntary projects on private lands.
2 Funds available to the Sacramento-San Joaquin Delta Conservancy
3 pursuant to subdivision (k) of Section 79731 may be used, in
4 consultation with the Department of Fish and Wildlife, for
5 payments to landowners for the creation of measurable habitat
6 improvements or other improvements to the condition of
7 endangered or threatened species. The Sacramento-San Joaquin
8 Delta Conservancy may develop and implement a competitive
9 program for habitat enhancements that maximizes voluntary
10 landowner participation in projects that provide measurable and
11 long-lasting habitat or species improvements in the Delta. These
12 funds shall not be used to subsidize or decrease the mitigation
13 obligations of any party.

14 (c) In implementing subdivision (k) of Section 79731, the
15 Sacramento-San Joaquin Delta Conservancy shall ~~coordinate,~~
16 ~~cooperate,~~ and consult with the city or county in which a grant is
17 proposed to be expended or an interest in real property is proposed
18 to be acquired and with the Delta Protection Commission.
19 Acquisitions by the Sacramento-San Joaquin Delta Conservancy
20 pursuant to subdivision (k) of Section 79731 shall be from willing
21 sellers only.

22 79711. (a) This division does not diminish, impair, or
23 otherwise affect in any manner whatsoever any area of origin,
24 watershed of origin, county of origin, or any other water rights
25 protections, including, but not limited to, rights to water
26 appropriated prior to December 19, 1914, provided under the law.
27 This division does not limit or affect the application of Article 1.7
28 (commencing with Section 1215) of Chapter 1 of Part 2 of Division
29 2, Sections 10505, 10505.5, 11128, 11460, 11461, 11462, and
30 11463, and Sections 12200 to 12220, inclusive.

31 (b) For the purposes of this division, an area that utilizes water
32 that has been diverted and conveyed from the Sacramento River
33 hydrologic region, for use outside the Sacramento River hydrologic
34 region or the Delta, shall not be deemed to be immediately adjacent
35 thereto or capable of being conveniently supplied with water
36 therefrom by virtue or on account of the diversion and conveyance
37 of that water through facilities that may be constructed for that
38 purpose after January 1, 2014.

39 (c) Nothing in this division supersedes, limits, or otherwise
40 modifies the applicability of Chapter 10 (commencing with Section

→ Coordinate

1 1700) of Part 2 of Division 2, including petitions related to any
2 new conveyance constructed or operated in accordance with
3 Chapter 2 (commencing with Section 85320) of Part 4 of Division
4 35.

5 (d) Unless otherwise expressly provided, nothing in this division
6 supersedes, reduces, or otherwise affects existing legal protections,
7 both procedural and substantive, relating to the state board's
8 regulation of diversion and use of water, including, but not limited
9 to, water right priorities, the protection provided to municipal
10 interests by Sections 106 and 106.5, and changes in water rights.
11 Nothing in this division expands or otherwise alters the state
12 board's existing authority to regulate the diversion and use of
13 water or the courts' existing concurrent jurisdiction over California
14 water rights.

15 (e) Nothing in this division shall be construed to affect the
16 California Wild and Scenic Rivers Act (Chapter 1.4 (commencing
17 with Section 5093.50) of Division 5 of the Public Resources Code)
18 or the federal Wild and Scenic Rivers Act (16 U.S.C. Sec. 1271 et
19 seq.) and funds authorized pursuant to this division shall not be
20 available for any project that could have an adverse effect on the
21 values upon which a wild and scenic river or any other river is
22 afforded protections pursuant to the California Wild and Scenic
23 Rivers Act or the federal Wild and Scenic Rivers Act.

24 (f) Nothing in this division supersedes, limits, or otherwise
25 modifies the Sacramento-San Joaquin Delta Reform Act of 2009
26 (Division 35 (commencing with Section 85000)) or any other
27 applicable law, including, but not limited to, Division 22.3
28 (commencing with Section 32300) of the Public Resources Code.

29 (g) Funds provided by this division shall not be used to acquire
30 land via eminent domain.

31 (h) Notwithstanding any other law, any agency acquiring land
32 pursuant to this division may use the Natural Heritage Preservation
33 Tax Credit Act of 2000 (Division 28 (commencing with Section
34 37000) of the Public Resources Code).

35 79712. (a) Eligible applicants under this division are public
36 agencies, nonprofit organizations, public utilities, federally
37 recognized Indian tribes, state Indian tribes listed on the Native
38 American Heritage Commission's California Tribal Consultation
39 List, and mutual water companies.

1 (b) (1) To be eligible for funding under this division, a project
2 proposed by a public utility that is regulated by the Public Utilities
3 Commission or a mutual water company shall have a clear and
4 definite public purpose and shall benefit the customers of the water
5 system and not the investors.

6 (2) To be eligible for funding under this division, an urban water
7 supplier shall adopt and submit an urban water management plan
8 in accordance with the Urban Water Management Planning Act
9 (Part 2.6 (commencing with Section 10610) of Division 6).

10 (3) To be eligible for funding under this division, an agricultural
11 water supplier shall adopt and submit an agricultural water
12 management plan in accordance with the Agricultural Water
13 Management Planning Act (Part 2.8 (commencing with Section
14 10800) of Division 6).

15 (4) In accordance with Section 10608.56, an agricultural water
16 supplier or an urban water supplier is ineligible for funding under
17 this division unless it complies with the requirements of Part 2.55
18 (commencing with Section 10608) of Division 6.

19 79713. The Legislature may enact legislation necessary to
20 implement programs funded by this division, except as otherwise
21 provided in Section 79760.

22 79714. (a) Unless otherwise specified, any state agency that
23 has the statutory authority to implement one or more of the
24 purposes specified in this bond may be eligible for appropriations
25 from the funding made available by this division.

26 (b) Funding made available by this division shall not be
27 appropriated by the Legislature to a specific project.

28 (c) Projects funded pursuant to this division may use the services
29 of the California Conservation Corps or certified community
30 conservation corps, as defined in Section 14507.5 of the Public
31 Resources Code.

32 79715. The proceeds of bonds issued and sold pursuant to this
33 division shall be deposited in the Water Quality, Supply, and
34 Infrastructure Improvement Fund of 2014, which is hereby created
35 in the State Treasury.

36 79716. Each state agency that receives an appropriation of
37 funding made available by this division shall be responsible for
38 establishing metrics of success and reporting the status of projects
39 and all uses of the funding on the state's bond accountability
40 Internet Web site, as provided by statute.

CHAPTER 5. CLEAN, SAFE AND RELIABLE DRINKING WATER

79720. The sum of five hundred million dollars ~~(\$500,000,000)~~ shall be available, upon appropriation by the Legislature from the fund, for expenditures, grants, and loans for projects that improve water quality or help provide clean, safe, and reliable drinking water to all Californians.

→ twenty / (\$520,000,000)

79721. The projects eligible for funding pursuant to this chapter shall help improve water quality for a beneficial use. The purposes of this chapter are to:

(a) Reduce contaminants in drinking water supplies regardless of the source of the water or the contamination.

(b) Assess and prioritize the risk of contamination to drinking water supplies.

(c) Address the critical and immediate needs of disadvantaged, rural, or small communities that suffer from contaminated drinking water supplies, including, but not limited to, projects that address a public health emergency.

(d) Leverage other private, federal, state, and local drinking water quality and wastewater treatment funds.

(e) Reduce contaminants in discharges to, and improve the quality of, waters of the state.

(f) Prevent further contamination of drinking water supplies.

(g) Provide disadvantaged communities with public drinking water infrastructure that provides clean, safe, and reliable drinking water supplies that the community can sustain over the long term.

(h) Ensure access to clean, safe, reliable, and affordable drinking water for California's communities.

(i) Meet primary and secondary safe drinking water standards or remove contaminants identified by the state or federal government for development of a primary or secondary drinking water standard.

79722. The contaminants that may be addressed with funding pursuant to this chapter may include, but shall not be limited to, nitrates, perchlorate, MTBE (methyl tertiary butyl ether), arsenic, selenium, hexavalent chromium, mercury, PCE (perchloroethylene), TCE (trichloroethylene), DCE (dichloroethene), DCA (dichloroethane), 1,2,3-TCP (trichloropropane), carbon tetrachloride, 1,4-dioxane,

1 1,4-dioxacyclohexane, nitrosodimethylamine, bromide, iron,
2 manganese, and uranium.

3 79723. Of the funds authorized by Section 79720, two hundred
4 ~~forty million dollars (\$250,000,000)~~ shall be available for deposit
5 in the State Water Pollution Control Revolving Fund Small
6 Community Grant Fund created pursuant to Section 13477.6 for
7 grants for wastewater treatment projects. Priority shall be given
8 to projects that serve disadvantaged communities and severely
9 disadvantaged communities, and to projects that address public
10 health hazards. Projects may include, but not be limited to, projects
11 that identify, plan, design, and implement regional mechanisms
12 to consolidate wastewater systems or provide affordable treatment
13 technologies.

→ Sixty / (\$260,000,000)

14 79724. (a) (1) Of the funds authorized by Section 79720, two
15 ~~hundred forty million dollars (\$250,000,000)~~ shall be available for
16 grants and loans for public water system infrastructure
17 improvements and related actions to meet safe drinking water
18 standards, ensure affordable drinking water, or both. Priority
19 shall be given to projects that provide treatment for contamination
20 or access to an alternate drinking water source or sources for
21 small community water systems or state small water systems in
22 disadvantaged communities whose drinking water source is
23 impaired by chemical and nitrate contaminants and other health
24 hazards identified by the state board. Eligible recipients serve
25 disadvantaged communities and are public water systems or public
26 agencies. The state board may make grants for the purpose of
27 financing feasibility studies and to meet the eligibility requirements
28 for a construction grant. Eligible expenses may include initial
29 operation and maintenance costs for systems serving disadvantaged
30 communities. Priority shall be given to projects that provide shared
31 solutions for multiple communities, at least one of which is a
32 disadvantaged community that lacks safe, affordable drinking
33 water and is served by a small community water system, state small
34 water system, or a private well. Construction grants shall be limited
35 to five million dollars (\$5,000,000) per project, except that the
36 state board may set a limit of not more than twenty million dollars
37 (\$20,000,000) for projects that provide regional benefits or are
38 shared among multiple entities, at least one of which shall be a
39 small disadvantaged community. Not more than 25 percent of a
40 grant may be awarded in advance of actual expenditures.

→ Sixty / (\$260,000,000)

1 (2) For the purposes of this subdivision, "initial operation and
2 maintenance costs" means those initial, eligible, and reimbursable
3 costs under a construction funding agreement that are incurred
4 up to, and including, initial startup testing of the constructed
5 project in order to deem the project complete. Initial operation
6 and maintenance costs are eligible to receive funding pursuant to
7 this section for a period not to exceed two years.

8 (b) The administering entity may expend up to twenty-five
9 million dollars (\$25,000,000) of the funds allocated in subdivision
10 (a) for technical assistance to eligible communities.

11 (c) The state board shall deposit up to two million five hundred
12 thousand dollars (\$2,500,000) of the funds available pursuant to
13 this section into the Drinking Water Capital Reserve Fund, which
14 is hereby created in the State Treasury. Moneys in the Drinking
15 Water Capital Reserve Fund shall be available, upon appropriation
16 by the Legislature, and shall be administered by the state board
17 for the purpose of serving as matching funds for disadvantaged
18 communities. The state board shall develop criteria to implement
19 this subdivision.

20 79725. (a) For the purposes of awarding funding under this
21 chapter, a local cost share of not less than 50 percent of the total
22 costs of the project shall be required. The cost-sharing requirement
23 may be waived or reduced for projects that directly benefit a
24 disadvantaged community or an economically distressed area.

25 (b) At least 10 percent of the funds available pursuant to this
26 chapter shall be allocated for projects serving severely
27 disadvantaged communities.

28 (c) Up to ~~20~~ percent of the funds available pursuant to this
29 chapter may be allocated for technical assistance to disadvantaged
30 communities. The agency administering this funding shall operate
31 a multidisciplinary technical assistance program for small and
32 disadvantaged communities.

33 (d) Funding for planning activities, including technical
34 assistance, to benefit disadvantaged communities may exceed ~~20~~
35 percent of the funds allocated, subject to the determination of the
36 need for additional planning funding by the state agency
37 administering the funding.

15

15

CHAPTER 6. PROTECTING RIVERS, LAKES, STREAMS, COASTAL
WATERS, AND WATERSHEDS

79730. The sum of one billion four hundred ~~seventy~~ million ninety-five dollars ~~(\$1,470,000,000)~~ shall be available, upon appropriation by the Legislature from the fund, in accordance with this chapter, for competitive grants for multibenefit ecosystem and watershed protection and restoration projects in accordance with statewide priorities. (\$1,495,000,000)

79731. Of the funds authorized by Section 79730, the sum of three hundred ~~two~~ million five hundred thousand dollars twenty-seven ~~(\$302,500,000)~~ shall be allocated for multibenefit water quality, water supply, and watershed protection and restoration projects for the watersheds of the state in accordance with the following schedule: (\$327,500,000)

(a) Baldwin Hills Conservancy, ten million dollars (\$10,000,000).

(b) California Tahoe Conservancy, fifteen million dollars (\$15,000,000).

(c) Coachella Valley Mountains Conservancy, ten million dollars (\$10,000,000).

(d) Ocean Protection Council, thirty million dollars (\$30,000,000).

(e) San Diego River Conservancy, seventeen million dollars (\$17,000,000).

(f) San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy, ~~twenty-five~~ million dollars thirty ~~(\$25,000,000)~~ (\$30,000,000).

(g) San Joaquin River Conservancy, ten million dollars (\$10,000,000).

(h) Santa Monica Mountains Conservancy, thirty million dollars (\$30,000,000).

(i) Sierra Nevada Conservancy, twenty-five million dollars (\$25,000,000).

(j) State Coastal Conservancy, ~~eighty~~ million five hundred one hundred thousand dollars ~~(\$80,500,000)~~ (\$100,500,000).

Eligible watersheds for the funds allocated pursuant to this subdivision include, but are not limited to, those that are in the San Francisco Bay Conservancy region, the Santa Ana River watershed, the Tijuana River watershed, the Otay River watershed, Catalina Island, and the central coast region.

(k) Sacramento-San Joaquin Delta Conservancy, fifty million dollars (\$50,000,000).

79732. (a) In protecting and restoring California rivers, lakes, streams, and watersheds, the purposes of this chapter are to:

- 1 (1) *Protect and increase the economic benefits arising from*
2 *healthy watersheds, fishery resources, and instream flow.*
- 3 (2) *Implement watershed adaptation projects in order to reduce*
4 *the impacts of climate change on California's communities and*
5 *ecosystems.*
- 6 (3) *Restore river parkways throughout the state, including, but*
7 *not limited to, projects pursuant to the California River Parkway*
8 *Act of 2004 (Chapter 3.8 (commencing with Section 5750) of*
9 *Division 5 of the Public Resources Code), in the Urban Streams*
10 *Restoration Program established pursuant to Section 7048, and*
11 *urban river greenways.*
- 12 (4) *Protect and restore aquatic, wetland, and migratory bird*
13 *ecosystems, including fish and wildlife corridors and the*
14 *acquisition of water rights for instream flow.*
- 15 (5) *Fulfill the obligations of the State of California in complying*
16 *with the terms of multiparty settlement agreements related to water*
17 *resources.*
- 18 (6) *Remove barriers to fish passage.*
- 19 (7) *Collaborate with federal agencies in the protection of fish*
20 *native to California and wetlands in the central valley of*
21 *California.*
- 22 (8) *Implement fuel treatment projects to reduce wildfire risks,*
23 *protect watersheds tributary to water storage facilities, and*
24 *promote watershed health.*
- 25 (9) *Protect and restore rural and urban watershed health to*
26 *improve watershed storage capacity, forest health, protection of*
27 *life and property, stormwater resource management, and*
28 *greenhouse gas reduction.*
- 29 (10) *Protect and restore coastal watersheds, including, but not*
30 *limited to, bays, marine estuaries, and nearshore ecosystems.*
- 31 (11) *Reduce pollution or contamination of rivers, lakes, streams,*
32 *or coastal waters, prevent and remediate mercury contamination*
33 *from legacy mines, and protect or restore natural system functions*
34 *that contribute to water supply, water quality, or flood*
35 *management.*
- 36 (12) *Assist in the recovery of endangered, threatened, or*
37 *migratory species by improving watershed health, instream flows,*
38 *fish passage, coastal or inland wetland restoration, or other means,*
39 *such as natural community conservation plan and habitat*
40 *conservation plan implementation.*

1 (13) Assist in water-related agricultural sustainability projects.

2 (b) Funds provided by this chapter shall only be used for
3 projects that will provide fisheries or ecosystem benefits or
4 improvements that are greater than required applicable
5 environmental mitigation measures or compliance obligations.

6 79733. Of the funds made available by Section 79730, the sum
7 of two hundred million dollars (\$200,000,000) shall be
8 administered by the Wildlife Conservation Board for projects that
9 result in enhanced stream flows.

10 79734. For restoration and ecosystem protection projects under
11 this chapter, the services of the California Conservation Corps or
12 a local conservation corps certified by the California Conservation
13 Corps shall be used whenever feasible.

14 79735. (a) Of the funds authorized by Section 79730, one
15 hundred million dollars (\$100,000,000) shall be ~~available~~

available, upon appropriation by the Legislature,

for
16 projects to protect and enhance an urban creek, as defined in
17 subdivision (e) of Section 7048, and its tributaries, pursuant to
18 ~~Chapter 3.8 (commencing with Section 5750) of Division 5 of~~
19 Division 22.8 (commencing with Section 32600) of, and Division
20 23 (commencing with Section 33000) of, the Public Resources
21 Code and Section 79508.

22 (b) (1) Of the funds authorized by Section 79730, twenty million
23 dollars (\$20,000,000) shall be made available to the secretary for
24 a competitive program to fund multibenefit watershed and urban
25 rivers enhancement projects in urban watersheds that increase
26 regional and local water self-sufficiency and that meet at least two
27 of the following objectives:

28 (A) Promote groundwater recharge and water reuse.

29 (B) Reduce energy consumption.

30 (C) Use soils, plants, and natural processes to treat runoff.

31 (D) Create or restore native habitat.

32 (E) Increase regional and local resiliency and adaptability to
33 climate change.

34 (2) The program under this subdivision shall be implemented
35 by state conservancies, the Wildlife Conservation Board, the state
36 board, or other entities whose jurisdiction includes urban
37 watersheds, as designated by the secretary. Projects funded under
38 the program shall be a part of a plan developed jointly by the
39 conservancies, the Wildlife Conservation Board, the state board,
40 or other designated entities in consultation with the secretary.

1 (c) At least 25 percent of the funds available pursuant to this
2 section shall be allocated for projects that benefit disadvantaged
3 communities.

4 (d) Up to 10 percent of the funds available pursuant to this
5 section may be allocated for project planning.

6 79736. Of the funds authorized by Section 79730, four hundred
7 seventy-five million dollars (\$475,000,000) shall be available to
8 the Natural Resources Agency to support projects that fulfill the
9 obligations of the State of California in complying with the terms
10 of the following:

11 ~~(a) The February 18, 2010, Klamath Hydroelectric Settlement~~
12 ~~Agreement or the Klamath Basin Restoration Agreement.~~

13 ~~(b) Chapters 611, 612, and 613 of the Statutes of 2003, which~~
14 ~~were enacted to facilitate the execution and implementation of the~~
15 ~~Quantification Settlement Agreement, including restoration of the~~
16 ~~Salton Sea.~~

17 ~~(c) The San Joaquin River Restoration Settlement Act (Part 1~~
18 ~~of Subtitle A of Title 10 of Public Law 111-11).~~

19 ~~(d) Tahoe Regional Planning Compact (Title 7.4 (commencing~~
20 ~~with Section 66800) of the Government Code).~~

21 ~~(e) Subsection (d) of Section 3406 of the Central Valley Project~~
22 ~~Improvement Act (Title 34 of Public Law 102-575), including the~~
23 ~~construction, retrofitting, and maintenance of water supply~~
24 ~~infrastructure and the acquisition and conveyance of water supply~~
25 ~~from willing sellers, with a preference for water transfers of 20~~
26 ~~years or longer, purchases of water rights, or other agreements~~
27 ~~that result in long-term enhancement of habitat conditions.~~

any of

(a) Subsection (d) of Section 3406 of the Central Valley Project Improvement Act (Title 34 of Public Law 102-575).

(b) Interstate compacts set forth in Section 66801 of the Government Code pursuant to Title 7.42 (commencing with Section 66905) of the Government Code.

(c) Intrastate or multiparty water quantification settlement agreement provisions, including ecosystem restoration projects, as set forth in Chapters 611, 612, 613, and 614 of the Statutes of 2003.

(d) The settlement agreement referenced in Section 2080.2 of the Fish and Game Code.

(e) Any intrastate or multiparty settlement agreement related to water acted upon or before December 31, 2013. Priority shall be given to projects that meet one or more of the following criteria:

(1) The project is of statewide significance.

(2) The project restores natural aquatic or riparian functions, or wetlands habitat for birds and aquatic species.

(3) The project protects or promotes the restoration of endangered or threatened species.

(4) The project enhances the reliability of water supplies on a regional or interregional basis.

(5) The project provides significant regional or statewide economic benefits.

28 79737. (a) Of the funds authorized by Section 79730, two
29 hundred eighty-five million dollars (\$285,000,000) shall be
30 available to the Department of Fish and Wildlife for watershed
31 restoration projects statewide in accordance with this chapter.

32 (b) For the purposes of this section, watershed restoration
33 includes activities to fund coastal wetland habitat, improve forest
34 health, restore mountain meadows, modernize stream crossings,
35 culverts, and bridges, reconnect historical flood plains, install or
36 improve fish screens, provide fish passages, restore river channels,
37 restore or enhance riparian, aquatic, and terrestrial habitat,
38 improve ecological functions, acquire from willing sellers
39 conservation easements for riparian buffer strips, and remove improve local watershed management,
40 sediment or trash.

1 (c) For any funds available pursuant to this section that are
2 used to provide grants under the Fisheries Restoration Grant
3 Program, a priority shall be given to coastal waters.

4 (d) In allocating funds for projects pursuant to this section, the
5 Department of Fish and Wildlife shall only make funds available
6 for water quality, river, and watershed protection and restoration
7 projects of statewide importance outside of the Delta.

8 (e) Funds provided by this section shall not be expended to pay
9 the costs of the design, construction, operation, mitigation, or
10 maintenance of Delta conveyance facilities.

11 (f) Funds provided by this section shall only be used for projects
12 that will provide fisheries or ecosystem benefits or improvements
13 that are greater than required applicable environmental mitigation
14 measures or compliance obligations, except for any water transfers
15 for the benefit of subsection (d) of Section 3406 of the Central
16 Valley Project Improvement Act (Title 34 of Public Law 102-575).

17 79738. (a) Of the funds authorized by Section 79730,
18 eighty-seven million five hundred thousand dollars (\$87,500,000)
19 shall be available to the Department of Fish and Wildlife for water
20 quality, ecosystem restoration, and fish protection facilities that
21 benefit the Delta, including, but not limited to, the following:

22 (1) Projects to improve water quality or that contribute to the
23 improvement of water quality in the Delta, including projects in
24 Delta counties that provide multiple public benefits and improve
25 drinking and agricultural water quality or water supplies.

26 (2) Habitat restoration, conservation, and enhancement projects
27 to improve the condition of special status, at risk, endangered, or
28 threatened species in the Delta and the Delta counties, including
29 projects to eradicate invasive species, and projects that support
30 the beneficial reuse of dredged material for habitat restoration
31 and levee improvements.

32 (3) Scientific studies and assessments that support the Delta
33 Science Program, as described in Section 85280, or projects under
34 this section.

35 (b) ~~(1)~~ In implementing this section, the department shall
36 coordinate and consult with the Delta city or Delta county in which
37 a grant is proposed to be expended or an interest in real property
38 is proposed to be acquired.

39 ~~(2) To the extent feasible, the department shall use local~~
40 ~~partners.~~

1 (c) Acquisitions pursuant to this section shall be from willing
2 sellers only.

3 (d) In implementing this section state agencies shall prioritize
4 wildlife conservation objectives through projects on public lands
5 or voluntary projects on private lands, to the extent feasible.

6 (e) Funds available pursuant to this section shall not be used
7 to acquire land via eminent domain.

8 (f) Funds available pursuant to this section shall not be
9 expended to pay the costs of the design, construction, operation,
10 mitigation, or maintenance of Delta conveyance facilities.

11
12 CHAPTER 7. REGIONAL WATER SECURITY, CLIMATE, AND
13 DROUGHT PREPAREDNESS
14

15 79740. The sum of ~~seven hundred eighty~~ million dollars
16 ~~(\$780,000,000)~~ shall be available, upon appropriation by the
17 Legislature from the fund, for expenditures on, and competitive
18 grants and loans to, projects that are included in and implemented
19 in an adopted integrated regional water management plan
20 consistent with Part 2.2 (commencing with Section 10530) of
21 Division 6 and respond to climate change and contribute to
22 regional water security as provided in this chapter.

eight / ten
(\$810,000,000)

23 79741. In order to improve regional water self-reliance security
24 and adapt to the effects on water supply arising out of climate
25 change, the purposes of this chapter are to:

26 (a) Help water infrastructure systems adapt to climate change,
27 including, but not limited to, sea level rise.

28 (b) Provide incentives for water agencies throughout each
29 watershed to collaborate in managing the region's water resources
30 and setting regional priorities for water infrastructure.

31 (c) Improve regional water self-reliance consistent with Section
32 85021.

33 79742. (a) In selecting among proposed projects in a
34 watershed, the scope of the adopted integrated regional water
35 management plan may be considered by the administering state
36 agency, with priority going to projects in plans that cover a greater
37 portion of the watershed. If a plan covers substantially all of the
38 watershed, the plan's project priorities shall be given deference
39 if the project and plan otherwise meet the requirements of this

1 division and the Integrated Regional Water Management Planning
2 Act (Part 2.2 (commencing with Section 10530) of Division 6).

3 (b) A local agency that does not prepare, adopt, and submit its
4 groundwater plan in accordance with groundwater planning
5 requirements established under Division 6 (commencing with
6 Section 10000) is ineligible to apply for funds made available
7 pursuant to this chapter until the plan is prepared and submitted
8 in accordance with the requirements of that part. The groundwater
9 management plan requirement shall not apply to a water
10 replenishment district formed pursuant to Division 18 (commencing
11 with Section 60000) or to a local agency that serves or has
12 authority to manage an adjudicated groundwater basin.

13 (c) For the purposes of awarding funding under this chapter,
14 a cost share from nonstate sources of not less than 50 percent of
15 the total costs of the project shall be required. The cost-sharing
16 requirement may be waived or reduced for projects that directly
17 benefit a disadvantaged community or an economically distressed
18 area.

19 (d) Not less than 10 percent of the funds authorized by this
20 chapter shall be allocated to projects that directly benefit
21 disadvantaged communities.

22 (e) For the purposes of awarding funding under this chapter,
23 the applicant shall demonstrate that the integrated regional water
24 management plan the applicant's project implements contributes
25 to addressing the risks in the region to water supply and water
26 infrastructure arising from climate change.

27 (f) Projects that achieve multiple benefits shall receive special
28 consideration.

29 79743. Subject to the determination of regional priorities in
30 the regional water management group, eligible projects may
31 include, but are not limited to, projects that promote any of the
32 following:

33 (a) Water reuse and recycling for nonpotable reuse and direct
34 and indirect potable reuse.

35 (b) Water-use efficiency and water conservation.

36 (c) Local and regional surface and underground water storage,
37 including groundwater aquifer cleanup or recharge projects.

38 (d) Regional water conveyance facilities that improve
39 integration of separate water systems.

1 (e) Watershed protection, restoration, and management projects,
2 including projects that reduce the risk of wildfire or improve water
3 supply reliability.

4 (f) Stormwater resource management, including, but not limited
5 to, the following:

6 (1) Projects to reduce, manage, treat, or capture rainwater or
7 stormwater.

8 (2) Projects that provide multiple benefits such as water quality,
9 water supply, flood control, or open space.

10 (3) Decision support tools that evaluate the benefits and costs
11 of multibenefit stormwater projects.

12 (4) Projects to implement a stormwater resource plan developed
13 in accordance with Part 2.3 (commencing with Section 10560) of
14 Division 6.

15 (g) Conjunctive use of surface and groundwater storage
16 facilities.

17 (h) Water desalination projects.

18 (i) Decision support tools to model regional water management
19 strategies to account for climate change and other changes in
20 regional demand and supply projections.

21 (j) Improvement of water quality, including drinking water
22 treatment and distribution, groundwater and aquifer remediation,
23 matching water quality to water use, wastewater treatment, water
24 pollution prevention, and management of urban and agricultural
25 runoff.

26 79744. (a) Of the funds authorized by Section 79740, ~~four~~ five
27 ~~hundred-eighty million dollars (\$480,000,000)~~ ten shall be allocated (\$510,000,000)
28 to the hydrologic regions as identified in the California Water
29 Plan in accordance with this section. For the South Coast
30 hydrologic region, the department shall establish three funding
31 areas that reflect the watersheds of San Diego County (designated
32 as the San Diego subregion), the Santa Ana River watershed ~~and~~
33 ~~southern Orange County~~ (designated as the Santa Ana subregion),
34 and the Los Angeles and Ventura County watersheds (designated
35 as the Los Angeles subregion), and shall allocate funds to those
36 areas in accordance with this subdivision. The North and South
37 Lahontan hydrologic regions shall be treated as one area for the
38 purpose of allocating funds. For purposes of this subdivision, the
39 Sacramento River hydrologic region does not include the Delta.
40 For purposes of this subdivision, the Mountain Counties Overlay

1 is not eligible for funds from the Sacramento River hydrologic
 2 region or the San Joaquin River hydrologic region. Multiple
 3 integrated regional water management plans may be recognized
 4 in each of the areas allocated funding.

5 (b) Funds made available by this chapter shall be allocated as
 6 follows:

7 (1) ~~Twenty-one~~ million five hundred thousand dollars Twenty-six
 8 ~~(\$21,500,000)~~ for the North Coast hydrologic region.

9 (2) Sixty-five million dollars (\$65,000,000) for the San Francisco
 10 Bay hydrologic region. (\$26,500,000)

11 (3) ~~Twenty-eight~~ million dollars ~~(\$28,000,000)~~ for the Central Forty-three
 12 Coast hydrologic region.

13 (4) Ninety-eight million dollars (\$98,000,000) for the Los
 14 Angeles subregion.

15 (5) Sixty-three million dollars (\$63,000,000) for the Santa Ana
 16 subregion. (\$43,000,000)

17 (6) ~~Forty-two~~ million five hundred thousand dollars Fifty-two
 18 ~~(\$42,500,000)~~ for the San Diego subregion.

19 (7) Thirty-seven million dollars (\$37,000,000) for the
 20 Sacramento River hydrologic region. (\$52,500,000)

21 (8) Thirty-one million dollars (\$31,000,000) for the San Joaquin
 22 River hydrologic region.

23 (9) Thirty-four million dollars (\$34,000,000) for the Tulare/Kern
 24 hydrologic region.

25 (10) Twenty-four million five hundred thousand dollars
 26 (\$24,500,000) for the North/South Lahontan hydrologic region.

27 (11) Twenty-two million five hundred thousand dollars
 28 (\$22,500,000) for the Colorado River Basin hydrologic region.

29 (12) Thirteen million dollars (\$13,000,000) for the Mountain
 30 Counties Overlay.

31 79745. The Department of Water Resources shall expend,
 32 either directly or for noncompetitive grants, no less than 10 percent
 33 of the funds from the regional allocations specified in Section
 34 79744 for the purposes of ensuring involvement of disadvantaged
 35 communities, economically distressed areas, or underrepresented
 36 communities within regions.

37 79746. (a) Of the funds authorized by Section 79740, the sum
 38 of one hundred million dollars (\$100,000,000) may be used for
 39 direct expenditures, and for grants and loans, for the following

1 water conservation and water-use efficiency plans, projects, and
2 programs:

3 (1) Urban water conservation plans, projects, and programs,
4 including regional projects and programs, implemented to achieve
5 urban water use targets developed pursuant to Section 10608.20.
6 Priority for funding shall be given to programs that do any of the
7 following:

8 (A) Assist water suppliers and regions to implement conservation
9 programs and measures that are not locally cost effective.

10 (B) Support water supplier and regional efforts to implement
11 programs targeted to enhance water-use efficiency for commercial,
12 industrial, and institutional water users.

13 (C) Assist water suppliers and regions with programs and
14 measures targeted toward realizing the conservation benefits of
15 implementation of the provisions of the state landscape model
16 ordinance.

17 (2) Agricultural water management plans or agricultural water
18 use efficiency projects and programs developed pursuant to Part
19 2.8 (commencing with Section 10800) of Division 6.

20 (b) Section 1011 applies to all conservation measures that an
21 agricultural water supplier or an urban water supplier implements
22 with funding under this chapter. This subdivision does not limit
23 the application of Section 1011 to any other measures or projects
24 implemented by a water supplier. Notwithstanding Section 79748,
25 the projects funded pursuant to this section are not required to be
26 in an adopted integrated regional water management plan or to
27 comply with that program.

28 79747. (a) Of the funds authorized by Section 79740, two
29 hundred million dollars (\$200,000,000) shall be available for
30 grants for multibenefit stormwater management projects.

31 (b) Eligible projects may include, but shall not be limited to,
32 green infrastructure, rainwater and stormwater capture projects,
33 and stormwater treatment facilities.

34 (c) Development of plans for stormwater projects shall address
35 the entire watershed and incorporate the perspectives of
36 communities adjacent to the affected waterways, especially
37 disadvantaged communities.

38 79748. In order to receive funding authorized by this chapter
39 to address groundwater quality or supply in an aquifer, the
40 applicant shall demonstrate that a public agency has authority to

1 manage the water resources in that aquifer. A groundwater
 2 management plan adopted and submitted in accordance with
 3 groundwater management planning requirements established
 4 under Division 6 (commencing with Section 10000) shall be
 5 deemed sufficient to satisfy the requirements of this section.

6
 7 *CHAPTER 8. STATEWIDE WATER SYSTEM OPERATIONAL*
 8 *IMPROVEMENT AND DROUGHT PREPAREDNESS*
 9

10 79750. (a) Notwithstanding Section 162, the commission may
 11 make the determinations, findings, and recommendations required
 12 of it by this chapter independent of the views of the director. All
 13 final actions by the commission in implementing this chapter shall
 14 be taken by a majority of the members of the commission at a
 15 public meeting noticed and held pursuant to the ~~Bailey-Keene~~ Bagley - Keene
 16 Open Meeting Act (Article 9 (commencing with Section 11120) of
 17 Chapter 1 of Part 1 of Division 3 of Title 2 of the Government
 18 Code).

19 (b) Notwithstanding Section 13340 of the Government Code,
 20 the sum of two billion ~~five~~ ^{seven} hundred million dollars (~~\$2,500,000,000~~)

(\$2,700,000,000)

21 is hereby continuously appropriated from the fund, without regard
 22 to fiscal years, to the commission for public benefits associated
 23 with water storage projects that improve the operation of the state
 24 water system, are cost effective, and provide a net improvement
 25 in ecosystem and water quality conditions, in accordance with this
 26 chapter. Funds authorized for, or made available to, the
 27 commission pursuant to this chapter shall be available and
 28 expended only for the purposes provided in this chapter, and shall
 29 not be subject to appropriation or transfer by the Legislature or
 30 the Governor for any other purpose.

31 (c) Projects shall be selected by the commission through a
 32 competitive public process that ranks potential projects based on
 33 the expected return for public investment as measured by the
 34 magnitude of the public benefits provided, pursuant to criteria
 35 established under this chapter.

36 (d) Any project constructed with funds provided by this chapter
 37 shall be subject to Section 11590.

38 79751. Projects for which the public benefits are eligible for
 39 funding under this chapter consist of only the following:

1 (a) Surface storage projects identified in the CALFED Bay-Delta
2 Program Record of Decision, dated August 28, 2000, except for
3 projects prohibited by Chapter 1.4 (commencing with Section
4 5093.50) of Division 5 of the Public Resources Code.

5 (b) Groundwater storage projects and groundwater
6 contamination prevention or remediation projects that provide
7 water storage benefits.

8 (c) Conjunctive use and reservoir reoperation projects.

9 (d) Local and regional surface storage projects that improve
10 the operation of water systems in the state and provide public
11 benefits.

12 79752. A project shall not be funded pursuant to this chapter
13 unless it provides measurable improvements to the Delta ecosystem
14 or to the tributaries to the Delta.

15 79753. (a) Funds allocated pursuant to this chapter may be
16 expended solely for the following public benefits associated with
17 water storage projects:

18 (1) Ecosystem improvements, including changing the timing of
19 water diversions, improvement in flow conditions, temperature,
20 or other benefits that contribute to restoration of aquatic
21 ecosystems and native fish and wildlife, including those ecosystems
22 and fish and wildlife in the Delta.

23 (2) Water quality improvements in the Delta, or in other river
24 systems, that provide significant public trust resources, or that
25 clean up and restore groundwater resources.

26 (3) Flood control benefits, including, but not limited to,
27 increases in flood reservation space in existing reservoirs by
28 exchange for existing or increased water storage capacity in
29 response to the effects of changing hydrology and decreasing snow
30 pack on California's water and flood management system.

31 (4) Emergency response, including, but not limited to, securing
32 emergency water supplies and flows for dilution and salinity
33 repulsion following a natural disaster or act of terrorism.

34 (5) Recreational purposes, including, but not limited to, those
35 recreational pursuits generally associated with the outdoors.

36 (b) Funds shall not be expended pursuant to this chapter for
37 the costs of environmental mitigation measures or compliance
38 obligations except for those associated with providing the public
39 benefits as described in this section.

1 79754. *In consultation with the Department of Fish and*
2 *Wildlife, the state board, and the Department of Water Resources,*
3 *the commission shall develop and adopt, by regulation, methods*
4 *for quantification and management of public benefits described*
5 *in Section 79753 by December 15, 2016. The regulations shall*
6 *include the priorities and relative environmental value of ecosystem*
7 *benefits as provided by the Department of Fish and Wildlife and*
8 *the priorities and relative environmental value of water quality*
9 *benefits as provided by the state board.*

10 79755. *(a) Except as provided in subdivision (c), no funds*
11 *allocated pursuant to this chapter may be allocated for a project*
12 *before December 15, 2016, and until the commission approves the*
13 *project based on the commission's determination that all of the*
14 *following have occurred:*

15 *(1) The commission has adopted the regulations specified in*
16 *Section 79754 and specifically quantified and made public the cost*
17 *of the public benefits associated with the project.*

18 *(2) The project applicant has entered into a contract with each*
19 *party that will derive benefits, other than public benefits, as defined*
20 *in Section 79753, from the project that ensures the party will pay*
21 *its share of the total costs of the project. The benefits available to*
22 *a party shall be consistent with that party's share of total project*
23 *costs.*

24 *(3) The project applicant has entered into a contract with each*
25 *public agency identified in Section 79754 that administers the*
26 *public benefits, after that agency makes a finding that the public*
27 *benefits of the project for which that agency is responsible meet*
28 *all the requirements of this chapter, to ensure that the public*
29 *contribution of funds pursuant to this chapter achieves the public*
30 *benefits identified for the project.*

31 *(4) The commission has held a public hearing for the purposes*
32 *of providing an opportunity for the public to review and comment*
33 *on the information required to be prepared pursuant to this*
34 *subdivision.*

35 *(5) All of the following additional conditions are met:*

36 *(A) Feasibility studies have been completed.*

37 *(B) The commission has found and determined that the project*
38 *is feasible, is consistent with all applicable laws and regulations,*
39 *and will advance the long-term objectives of restoring ecological*

1 *health and improving water management for beneficial uses of the*
2 *Delta.*

3 *(C) All environmental documentation associated with the project*
4 *has been completed, and all other federal, state, and local*
5 *approvals, certifications, and agreements required to be completed*
6 *have been obtained.*

7 *(b) The commission shall submit to the Legislature its findings*
8 *for each of the criteria identified in subdivision (a) for a project*
9 *funded pursuant to this chapter.*

10 *(c) Notwithstanding subdivision (a), funds may be made*
11 *available under this chapter for the completion of environmental*
12 *documentation and permitting of a project.*

13 *79756. (a) The public benefit cost share of a project funded*
14 *pursuant to this chapter, other than a project described in*
15 *subdivision (c) of Section 79751, shall not exceed 50 percent of*
16 *the total costs of any project funded under this chapter.*

17 *(b) No project may be funded unless it provides ecosystem*
18 *improvements as described in paragraph (1) of subdivision (a) of*
19 *Section 79753 that are at least 50 percent of total public benefits*
20 *of the project funded under this chapter.*

21 *79757. (a) A project is not eligible for funding under this*
22 *chapter unless, by January 1, 2022, all of the following conditions*
23 *are met:*

24 *(1) All feasibility studies are complete and draft environmental*
25 *documentation is available for public review.*

26 *(2) The commission makes a finding that the project is feasible,*
27 *and will advance the long-term objectives of restoring ecological*
28 *health and improving water management for beneficial uses of the*
29 *Delta.*

30 *(3) The director receives commitments for not less than 75*
31 *percent of the nonpublic benefit cost share of the project.*

32 *(b) If compliance with subdivision (a) is delayed by litigation*
33 *or failure to promulgate regulations, the date in subdivision (a)*
34 *shall be extended by the commission for a time period that is equal*
35 *to the time period of the delay, and funding under this chapter that*
36 *has been dedicated to the project shall be encumbered until the*
37 *time at which the litigation is completed or the regulations have*
38 *been promulgated.*

39 *79758. Surface storage projects funded pursuant to this chapter*
40 *and described in subdivision (a) of Section 79751 may be made a*

1 unit of the Central Valley Project as provided in Section 11290
2 and may be financed, acquired, constructed, operated, and
3 maintained pursuant to Part 3 (commencing with Section 11100)
4 of Division 6.

5 79759. (a) The funds allocated for the design, acquisition, and
6 construction of surface storage projects identified in the CALFED
7 Bay-Delta Record of Decision, dated August 28, 2000, pursuant
8 to this chapter may be provided for those purposes to local joint
9 powers authorities formed by irrigation districts and other local
10 water districts and local governments within the applicable
11 hydrologic region to design, acquire, and construct those projects.

12 (b) The joint powers authorities described in subdivision (a)
13 may include in their membership governmental partners that are
14 not located within their respective hydrologic regions in financing
15 the surface storage projects, including, as appropriate, cost share
16 participation or equity participation. Notwithstanding Section
17 6525 of the Government Code, the joint powers agencies described
18 in subdivision (a) shall not include in their membership any
19 for-profit corporation or any mutual water company whose
20 shareholders and members include a for-profit corporation or any
21 other private entity. The department shall be an ex officio member
22 of each joint powers authority subject to this section, but the
23 department shall not control the governance, management, or
24 operation of the surface water storage projects.

25 (c) A joint powers authority subject to this section shall own,
26 govern, manage, and operate a surface water storage project,
27 subject to the requirement that the ownership, governance,
28 management, and operation of the surface water storage project
29 shall advance the purposes set forth in this chapter.

30 79760. (a) In approving the Water Quality, Supply, and
31 Infrastructure Improvement Act of 2014, the people were informed
32 and hereby declare that the provisions of this chapter are
33 necessary, integral, and essential to meeting the single object or
34 work of the Water Quality, Supply, and Infrastructure Improvement
35 Act of 2014. As such, any amendment of the provisions of this
36 chapter by the Legislature without voter approval would frustrate
37 the scheme and design that induced voter approval of this act. The
38 people therefore find and declare that any amendment of the
39 provisions of this chapter by the Legislature shall require an

1 affirmative vote of two-thirds of the membership in each house of
2 the Legislature and voter approval.

3 (b) This section shall not govern or be used as authority for
4 determining whether the amendment of any other provision of this
5 act not contained in this chapter would constitute a substantial
6 change in the scheme and design of this act requiring voter
7 approval.

8
9 CHAPTER 9. WATER RECYCLING

10
11 79765. The sum of seven hundred twenty-five million dollars
12 ~~(\$700,000,000)~~ (\$725,000,000) shall be available, upon appropriation by the

13 Legislature from the fund, for grants or loans for water recycling
14 and advanced treatment technology projects, including all of the
15 following:

16 (a) Water recycling projects, including, but not limited to,
17 treatment, storage, conveyance, and distribution facilities for
18 potable and nonpotable recycling projects.

19 (b) Contaminant and salt removal projects, including, but not
20 limited to, groundwater and seawater desalination and associated
21 treatment, storage, conveyance, and distribution facilities.

22 (c) Dedicated distribution infrastructure to serve residential,
23 commercial, agricultural, and industrial end-user retrofit projects
24 to allow use of recycled water.

25 (d) Pilot projects for new potable reuse and other salt and
26 contaminant removal technology.

27 ~~(e) Groundwater recharge infrastructure pursuant to this~~
28 ~~chapter and Chapter 10 (commencing with Section 79770).~~

(e) Multibenefit recycled water projects that improve water quality.

29 (f) Technical assistance and grant writing assistance for
30 disadvantaged communities.

31 ~~(g) Water supply reliability improvement for critical urban~~
32 ~~water supplies in designated superfund areas with groundwater~~
33 ~~contamination listed on the National Priorities List established~~
34 ~~pursuant to Section 105 of the Comprehensive Environmental~~
35 ~~Response, Compensation, and Liability Act of 1980 (42 U.S.C.~~
36 ~~Sec. 9605(a)(8)(B)).~~

37 79766. At least a 50-percent local cost share shall be required
38 for projects funded pursuant to this chapter. That cost share may
39 be suspended or reduced for disadvantaged communities and
40 economically distressed areas.

1 79767. Projects funded pursuant to this chapter shall be
2 selected on a competitive basis, considering all of the following
3 criteria:

4 (a) Water supply reliability improvement.

5 (b) Water quality and ecosystem benefits related to decreased
6 reliance on diversions from the Delta or instream flows.

7 (c) Public health benefits from improved drinking water quality
8 or supply.

9 (d) Cost-effectiveness.

10 (e) Energy efficiency and greenhouse gas emission impacts.

11 (f) Reasonable geographic allocation to eligible projects
12 throughout the state, including both northern and southern
13 California and coastal and inland regions.

14 79768. For purposes of this chapter, competitive programs
15 shall be implemented consistent with water recycling programs
16 administered pursuant to Sections 79140 and 79141 or consistent
17 with desalination programs administered pursuant to Sections
18 79545 and 79547.2.

19
20 CHAPTER 10. GROUNDWATER SUSTAINABILITY

21
22 79770. Prevention and cleanup of groundwater contamination
23 are critical components of successful groundwater management.
24 Groundwater quality becomes especially important as water
25 providers do the following:

26 (a) Evaluate investments in groundwater recharge with surface
27 water, stormwater, recycled water, and other conjunctive use
28 projects that augment local groundwater supplies to improve
29 regional water self-reliance.

30 (b) Adapt to changing hydrologic conditions brought on by
31 climate change.

32 (c) Consider developing groundwater basins to provide much
33 needed local storage options to accommodate hydrologic and
34 regulatory variability in the state's water delivery system.

35 (d) Evaluate investments in groundwater recovery projects.

36 79771. (a) The sum of ~~eight hundred fifty~~ million dollars
37 ~~(\$850,000,000)~~ shall be available, upon appropriation by the
38 Legislature from the fund, for expenditures on, and competitive
39 grants, and loans for, projects to prevent or clean up the
40 contamination of groundwater that serves or has served as a source

nine hundred
(\$900,000,000)

1 of drinking water. Funds appropriated pursuant to this section
2 shall be available to the state board for projects necessary to
3 protect public health by preventing or reducing the contamination
4 of groundwater that serves or has served as a major source of
5 drinking water for a community.

6 (b) Projects shall be prioritized based upon the following
7 criteria:

8 (1) The threat posed by groundwater contamination to the
9 affected community's overall drinking water supplies, including
10 an urgent need for treatment of alternative supplies or increased
11 water imports if groundwater is not available due to contamination.

12 (2) The potential for groundwater contamination to spread and
13 impair drinking water supply and water storage for nearby
14 population areas.

15 (3) The potential of the project, if fully implemented, to enhance
16 local water supply reliability.

17 (4) The potential of the project to maximize opportunities to
18 recharge vulnerable, high-use groundwater basins and optimize
19 groundwater supplies.

20 (5) The project addresses contamination at a site for which the
21 courts or the appropriate regulatory authority has not yet identified
22 responsible parties, or where the identified responsible parties
23 are unwilling or unable to pay for the total cost of ~~cleanup~~.

cleanup, including water supply reliability improvement for critical urban water supplies in designated superfund areas with groundwater contamination listed on the National Priorities List established pursuant to Section 105(a)(8)(B) of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9605(a)(8)(B)).

24 ~~(c) The Legislature, by statute, shall establish both of the~~
25 ~~following:~~

26 ~~(1) A requirement that the grantee repay grant funds in the event~~
27 ~~of cost recovery from the parties responsible for the groundwater~~
28 ~~contamination.~~

29 ~~(2) A requirement that the grantee make reasonable efforts to~~
30 ~~attempt to recover the costs of cleanup from the parties responsible~~
31 ~~for the contamination, except that a grantee shall not be required~~
32 ~~to seek cost recovery related to the costs of response actions~~
33 ~~apportioned to responsible parties who are insolvent or cannot~~
34 ~~be identified or located or when a requirement to seek cost~~
35 ~~recovery would impose a financial hardship on the grantee.~~

(c) Funding authorized by this chapter shall not be used to pay any share of the costs of remediation recovered from parties responsible for the contamination of a groundwater storage aquifer, but may be used to pay costs that cannot be recovered from responsible parties. Parties that receive funding for remediating groundwater storage aquifers shall exercise reasonable efforts to recover the costs of groundwater cleanup from the parties responsible for the contamination. Funds recovered from responsible parties may only be used to fund treatment and remediation activities.

36 79772. Of the funds authorized by Section 79771, ~~seventy five~~ eighty
37 ~~million dollars (\$75,000,000)~~ shall be available for grants for
38 ~~treatment and remediation activities that prevent or reduce the~~ (\$80,000,000)
39 ~~contamination of groundwater that serves as a source of drinking~~

1 water. ~~Nothing in this section precludes the funding of projects~~
2 ~~pursuant to Section 79771.~~

3 79773. The contaminants that may be addressed with funding
4 pursuant to this chapter may include, but shall not be limited to,
5 nitrates, perchlorate, MTBE (methyl tertiary butyl ether), arsenic,
6 selenium, hexavalent chromium, mercury, PCE
7 (perchloroethylene), TCE (trichloroethylene), DCE
8 (dichloroethene), DCA (dichloroethane), 1,2,3-TCP
9 (trichloropropane), carbon tetrachloride, 1,4-dioxane,
10 1,4-dioxacyclohexane, nitrosodimethylamine, bromide, iron,
11 manganese, and uranium.

12 79774. (a) A project that receives funding pursuant to this
13 chapter shall be selected by a competitive grant or loan process
14 with added consideration for those projects that leverage private,
15 federal, or local funding.

16 (b) For the purposes of awarding funding under this chapter,
17 a local cost share of not less than 50 percent of the total costs of
18 the project shall be required. The cost-sharing requirement may
19 be waived or reduced for projects that directly benefit a
20 disadvantaged community or an economically distressed area.

21 (c) An agency administering grants or loans for the purposes
22 of this chapter shall assess the capacity of a community to pay for
23 the operation and maintenance of the facility to be funded.

24 (d) At least 10 percent of the funds available pursuant to this
25 chapter shall be allocated for projects serving severely
26 disadvantaged communities.

27 (e) Funding authorized by this chapter shall include funding
28 for technical assistance to disadvantaged communities. The agency
29 administering this funding shall operate a multidisciplinary
30 technical assistance program for small and disadvantaged
31 communities.

32 79775. Of the funds authorized by Section 79771, one hundred
33 million dollars (\$100,000,000) shall be made available for
34 competitive grants for projects that develop and implement
35 groundwater plans and projects in accordance with groundwater
36 planning requirements established under Division 6 (commencing
37 with Section 10000).

CHAPTER 11. FLOOD MANAGEMENT

79780. The sum of three hundred ninety-five million dollars (\$395,000,000) shall be available, upon appropriation by the Legislature from the fund, to the Department of Water Resources and the Central Valley Flood Protection Board for the purpose of statewide flood management projects and activities. ~~Priority shall be given to multibenefit projects that achieve public safety and include fish and wildlife enhancement and recreation.~~ The Department of Water Resources shall make its best effort to first utilize prior bond proceeds from Propositions 84 and 1E.

Funds shall be allocated

habitat

coordinate this funding with

79781. Of the funds authorized by Section 79780, two hundred ninety-five million dollars (\$295,000,000) shall be available to reduce the risk of levee failure and flood in the Delta for any of the following:

(a) Local assistance under the Delta levee maintenance subventions program pursuant to Part 9 (commencing with Section 12980) of Division 6, as that part may be amended.

(b) Special flood protection projects pursuant to Chapter 2 (commencing with Section 12310) of Part 4.8 of Division 6, as that chapter may be amended.

(c) Levee improvement projects that increase the resiliency of levees within the Delta to withstand earthquake, flooding, or sea level rise.

(d) Emergency response and repair projects.

CHAPTER 12. FISCAL PROVISIONS

79785. (a) Bonds in the total amount of ~~six billion nine hundred ninety-five million dollars (\$6,995,000,000),~~ seven billion one hundred twenty million dollars (\$7,120,000,000), and any additional bonds authorized, issued, and appropriated in accordance with this division pursuant to other provisions of law,

or so much

thereof as is necessary, not including the amount of any refunding bonds issued in accordance with Section 79797 may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this division and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

1 (b) The Treasurer shall sell the bonds authorized by the
2 committee pursuant to this section. The bonds shall be sold upon
3 the terms and conditions specified in a resolution to be adopted
4 by the committee pursuant to Section 16731 of the Government
5 Code.

6 79786. The bonds authorized by this division shall be prepared,
7 executed, issued, sold, paid, and redeemed as provided in the State
8 General Obligation Bond Law (Chapter 4 (commencing with
9 Section 16720) of Part 3 of Division 4 of Title 2 of the Government
10 Code), and all of the provisions of that law apply to the bonds and
11 ~~to this division and are hereby incorporated in this division as~~
12 ~~though set forth in full in this division, except Section 16727 of the~~
13 ~~Government Code shall not apply to the extent that it is inconsistent~~

law, as that law may be amended, apply to the bonds and to this division, except subdivisions (a) and (b) of Section 16727 of the Government Code to the extent that those subdivisions conflict

14 with any other provision of this division.

15 79787. (a) Solely for the purpose of authorizing the issuance
16 and sale pursuant to the State General Obligation Bond Law
17 (Chapter 4 (commencing with Section 16720) of Part 3 of Division
18 4 of Title 2 of the Government Code) of the bonds authorized by
19 this division, the Water Quality, Supply, and Infrastructure
20 Improvement Finance Committee is hereby created. For purposes
21 of this division, the Water Quality, Supply, and Infrastructure
22 Improvement Finance Committee is the "committee" as that term
23 is used in the State General Obligation Bond Law.

24 (b) The committee consists of the Director of Finance, the
25 Treasurer, and the Controller. Notwithstanding any other provision
26 of law, any member may designate a representative to act as that
27 member in his or her place for all purposes, as though the member
28 were personally present.

29 (c) The Treasurer shall serve as chairperson of the committee.

30 (d) A majority of the committee may act for the committee.

31 79788. The committee shall determine whether or not it is
32 necessary or desirable to issue bonds authorized by this division
33 in order to carry out the actions specified in this division and, if
34 so, the amount of bonds to be issued and sold. Successive issues
35 of bonds may be authorized and sold to carry out those actions
36 progressively, and it is not necessary that all of the bonds
37 authorized to be issued be sold at any one time.

38 79789. For purposes of the State General Obligation Bond
39 Law, "board," as defined in Section 16722 of the Government
40 Code, means the secretary.

1 79790. *There shall be collected each year and in the same*
2 *manner and at the same time as other state revenue is collected,*
3 *in addition to the ordinary revenues of the state, a sum in an*
4 *amount required to pay the principal of, and interest on, the bonds*
5 *each year. It is the duty of all officers charged by law with any*
6 *duty in regard to the collection of the revenue to do and perform*
7 *each and every act that is necessary to collect that additional sum.*

8 79791. *Notwithstanding Section 13340 of the Government*
9 *Code, there is hereby appropriated from the General Fund in the*
10 *State Treasury, for the purposes of this division, an amount that*
11 *will equal the total of the following:*

12 (a) *The sum annually necessary to pay the principal of, and*
13 *interest on, bonds issued and sold pursuant to this division, as the*
14 *principal and interest become due and payable.*

15 (b) *The sum that is necessary to carry out the provisions of*
16 *Section 79794, appropriated without regard to fiscal years.*

17 79792. *The board may request the Pooled Money Investment*
18 *Board to make a loan from the Pooled Money Investment Account*
19 *in accordance with Section 16312 of the Government Code for the*
20 *purpose of carrying out this division less any amount withdrawn*
21 *pursuant to Section 79794. The amount of the request shall not*
22 *exceed the amount of the unsold bonds that the committee has, by*
23 *resolution, authorized to be sold for the purpose of carrying out*
24 *this division. The board shall execute those documents required*
25 *by the Pooled Money Investment Board to obtain and repay the*
26 *loan. Any amounts loaned shall be deposited in the fund to be*
27 *allocated in accordance with this division.*

28 79793. *Notwithstanding any other provision of this division,*
29 *or of the State General Obligation Bond Law, if the Treasurer*
30 *sells bonds that include a bond counsel opinion to the effect that*
31 *the interest on the bonds is excluded from gross income for federal*
32 *tax purposes under designated conditions or is otherwise entitled*
33 *to any federal tax advantage, the Treasurer may maintain separate*
34 *accounts for the bond proceeds invested and for the investment*
35 *earnings on those proceeds, and may use or direct the use of those*
36 *proceeds or earnings to pay any rebate, penalty, or other payment*
37 *required under federal law or take any other action with respect*
38 *to the investment and use of those bond proceeds, as may be*
39 *required or desirable under federal law in order to maintain the*

1 tax-exempt status of those bonds and to obtain any other advantage
2 under federal law on behalf of the funds of this state.

3 79794. For the purposes of carrying out this division, the
4 Director of Finance may authorize the withdrawal from the
5 General Fund of an amount or amounts not to exceed the amount
6 of the unsold bonds that have been authorized by the committee
7 to be sold for the purpose of carrying out this division less any
8 amount borrowed pursuant to Section 79792. Any amounts
9 withdrawn shall be deposited in the fund. Any moneys made
10 available under this section shall be returned to the General Fund,
11 with interest at the rate earned by the moneys in the Pooled Money
12 Investment Account, from proceeds received from the sale of bonds
13 for the purpose of carrying out this division.

14 79795. All moneys deposited in the fund that are derived from
15 premium and accrued interest on bonds sold pursuant to this
16 division shall be reserved in the fund and shall be available for
17 transfer to the General Fund as a credit to expenditures for bond
18 interest, except that amounts derived from premium may be
19 reserved and used to pay the cost of bond issuance prior to any
20 transfer to the General Fund.

21 79796. Pursuant to Chapter 4 (commencing with Section
22 16720) of Part 3 of Division 4 of Title 2 of the Government Code,
23 the cost of bond issuance shall be paid out of the bond proceeds,
24 including premium, if any. To the extent the cost of bond issuance
25 is not paid from premiums received from the sale of bonds, these
26 costs shall be shared proportionately by each program funded
27 through this division by the applicable bond sale.

28 79797. The bonds issued and sold pursuant to this division
29 may be refunded in accordance with Article 6 (commencing with
30 Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of
31 the Government Code, which is a part of the State General
32 Obligation Bond Law. Approval by the voters of the state for the
33 issuance of the bonds under this division shall include approval
34 of the issuance of any bonds issued to refund any bonds originally
35 issued under this division or any previously issued refunding bonds.

36 79798. The proceeds from the sale of bonds authorized by this
37 division are not "proceeds of taxes" as that term is used in Article
38 XIII B of the California Constitution, and the disbursement of these
39 proceeds is not subject to the limitations imposed by that article.

1 ~~SEC. 5.~~ Section 2 of Chapter 3 of the Seventh Extraordinary
2 Session of the Statutes of 2009, as amended by Section 1 of Chapter
3 74 of the Statutes of 2012, is repealed. SEC. 9.

4 ~~SEC. 6.~~ (a) Notwithstanding the requirements of Sections 9040,
5 9043, 9044, 9061, and 9082 of the Elections Code, or any other
6 law, the Secretary of State shall submit Sections ~~1, 2, and 4~~ of this SEC. 10.
7 act to the voters at the November 4, 2014, statewide general
8 election. 1 to 6, inclusive, and Section 8

9 (b) The Secretary of State shall include in the ballot pamphlets
10 mailed pursuant to Section 9094 of the Elections Code the
11 information specified in Section 9084 of the Elections Code
12 regarding the bond act contained in Sections ~~1, 2, and 4~~ of this 1 to 6, inclusive, and Section 8
13 act. If that inclusion is not possible, the Secretary of State shall
14 publish a supplemental ballot pamphlet regarding this act to be
15 mailed with the ballot pamphlet. If the supplemental ballot
16 pamphlet cannot be mailed with the ballot pamphlet, the
17 supplemental ballot pamphlet shall be mailed separately.

(c) Notwithstanding Section 9054 of the Elections Code or any other law, the translations of the ballot title and the condensed statement of the ballot title required pursuant to Section 9054 may be made available for public examination at a later date than the start of the public examination period for the ballot pamphlet, provided that the translations of the ballot title and the condensed statement of the ballot title must remain available for public examination for eight days.

(d) Notwithstanding Section 13282 of the Elections Code or any other law, the public shall be permitted to examine the condensed statement of the ballot title for not more than eight days. Any voter may seek a writ of mandate for the purpose of requiring the condensed statement of the ballot title, or portion thereof, to be amended or deleted only within that eight-day period.

18 ~~SEC. 7.~~ Notwithstanding Sections 13115 and 13117 of the SEC. 11.
19 Elections Code, Sections ~~1, 2, and 4~~ of this act shall be placed as
20 the first ballot measure on the November 4, 2014, general election 1 to 6, inclusive, and Section 8
21 ballot and shall be designated as Proposition 1.

22 ~~SEC. 8.~~ Sections ~~1, 2, and 4~~ of this act shall take effect upon SEC. 12.
23 approval by the voters of the Water Quality, Supply, and
24 Infrastructure Improvement Act of 2014, as set forth in Section ~~4~~
25 of this act, including changes to 1 to 6, inclusive, and Section 8

the Disaster Preparedness and Flood Prevention Bond Act of 2006, as set forth in Section 1 of this act,

the Safe Drinking Water, Water
26 Quality and Supply, Flood Control, River and Coastal Protection
27 Bond Act of 2006, as set forth in Section ~~1~~ of this act, 2

the Water Conservation and Water Quality Bond Law of 1986, as set forth in Section 3 of this act, the Safe, Clean, Reliable Water Supply Act, as set forth in Section 4 of this act, the Costa-Machado Water Act of 2000, as set forth in Section 5 of this act,

28 *and the*
29 *Water Security, Clean Drinking Water, Coastal and Beach*
30 *Protection Act of 2002, as set forth in Section 2 of this act.*

31 ~~SEC. 9. This act is an urgency statute necessary for the~~
32 ~~immediate preservation of the public peace, health, or safety within~~
33 ~~the meaning of Article IV of the Constitution and shall go into~~
34 ~~immediate effect. The facts constituting the necessity are:~~

35 *In order to fund a water quality, supply, and infrastructure*
36 *improvement program at the earliest possible date, it is necessary*
37 *that this act take effect immediately.*

38 ~~SECTION 1. Section 12559 is added to the Health and Safety~~
39 ~~Code, to read:~~

40 ~~12559. (a) Commencing January 1, 2015, a distributor shall~~
~~pay a tax upon his or her distribution of safe and sane fireworks~~

6
SEC. 13.

1 at the rate of ten cents (\$0.10) per pound of the total weight of the
2 fireworks, including any packaging, unless adjusted by the State
3 Fire Marshal pursuant to subdivision (c):

4 (b) (1) Funds received by the State Fire Marshal or its designee
5 pursuant to this section shall be deposited into the State Fire
6 Marshal Fireworks Enforcement and Disposal Fund established
7 pursuant to Section 12728.

8 (2) Funds received pursuant to this section shall only be used,
9 upon appropriation by the Legislature, for the purposes listed in
10 Section 12728.

11 (c) The State Fire Marshal may adjust the rate specified in
12 subdivision (a), not to exceed twenty cents (\$0.20) per pound, at
13 a public meeting to be held in January of each year in order to
14 provide sufficient revenues to pay for the estimated expenses
15 described in Section 12728.

16 (d) The State Fire Marshal may contract with another public
17 agency to administer this section.

18 (e) The State Fire Marshal is authorized to adopt emergency
19 regulations necessary to implement this section during the 2014-15
20 fiscal year in accordance with the rulemaking provisions of the
21 Administrative Procedure Act (Chapter 3.5 (commencing with
22 Section 11340) of Part 1 of Division 3 of Title 2 of the Government
23 Code). The adoption of emergency regulations shall be deemed
24 an emergency and necessary for the immediate preservation of the
25 public peace, health, and safety, or general welfare.

26 (f) The State Fire Marshal may, by regulation, establish the
27 period for reporting of information, returns, billings, and payment
28 of taxes due pursuant to this section.

29 (g) A violation of this section, or any regulation adopted
30 pursuant to this section, does not constitute a crime for purposes
31 of Section 12700.

32 (h) For purposes of this section, the following terms have the
33 following meanings:

34 (1) (A) "Distribution" means either or both of the following:

35 (i) The sale of previously untaxed safe and sane fireworks in
36 this state.

37 (ii) The use or consumption of previously untaxed safe and sane
38 fireworks in this state. For purposes of this clause, "use or
39 consumption" includes the exercise of a right or power over safe
40 and sane fireworks incident to the ownership of those fireworks;

1 ~~other than the sale of the safe and sane fireworks or the keeping~~
2 ~~or retention of those fireworks by a licensee pursuant to Section~~
3 ~~12571, 12572, or 12573.~~

4 ~~(B) For purposes of this paragraph, "previously untaxed safe~~
5 ~~and sane fireworks" means fireworks that have not yet been~~
6 ~~distributed in a manner as to result in a tax liability under this~~
7 ~~section.~~

8 ~~(2) "Distributor" means either of the following:~~

9 ~~(A) A person who holds a license issued by the State Fire~~
10 ~~Marshal pursuant to Section 12571, 12572, or 12573.~~

11 ~~(B) A person who does not hold a license described in~~
12 ~~subparagraph (A) and who, after the effective date of this section,~~
13 ~~distributes, as that term is described in paragraph (1), safe and sane~~
14 ~~fireworks in this state.~~

15 ~~SEC. 2. Section 12722 of the Health and Safety Code is~~
16 ~~amended to read:~~

17 ~~12722. The following fireworks may be seized pursuant to~~
18 ~~Section 12721:~~

19 ~~(a) Those fireworks that are sold, offered for sale, possessed,~~
20 ~~stored, used, or transported within this state prior to having been~~
21 ~~examined, classified, and registered by the State Fire Marshal,~~
22 ~~except those specific items designated as samples pending~~
23 ~~examination, classification, and registration by the State Fire~~
24 ~~Marshal where the licensee provides documentary evidence that~~
25 ~~such action by the State Fire Marshal is pending.~~

26 ~~(b) All imported fireworks possessed without benefit of the~~
27 ~~filing of notices as required by this part.~~

28 ~~(c) Safe and sane fireworks stored in violation of the conditions~~
29 ~~required by the permit as provided in this part.~~

30 ~~(d) Safe and sane fireworks sold or offered for sale at retail that~~
31 ~~do not bear the State Fire Marshal label of registration and firing~~
32 ~~instructions.~~

33 ~~(e) Safe and sane fireworks sold or offered for sale at retail that~~
34 ~~are in unsealed packages or containers that do not bear the State~~
35 ~~Fire Marshal label of registration and firing instructions.~~

36 ~~(f) Safe and sane fireworks sold or offered for sale at retail~~
37 ~~before 12 noon on the 28th day of June or after 12 noon on the~~
38 ~~sixth day of July of each year.~~

39 ~~(g) Each safe and sane fireworks item sold or offered for sale~~
40 ~~at retail that does not have its fuse or other igniting device protected~~

1 by a cap approved by the State Fire Marshal, or groups of fireworks
2 with exposed fuses that are not enclosed in sealed packages that
3 bear the State Fire Marshal label of registration. The State Fire
4 Marshal shall approve the caps as he or she determines provide
5 reasonable protection from unintentional ignition of the fireworks.

6 (h) ~~Dangerous fireworks, including fireworks kits, used,~~
7 ~~possessed, stored, manufactured, or transported by a person who~~
8 ~~does not possess a valid permit authorizing an activity listed in~~
9 ~~this part.~~

10 (i) ~~Fireworks stored or sold in a public garage or public oil~~
11 ~~station, or on a premises where gasoline or other class I flammable~~
12 ~~liquids are stored or dispensed.~~

13 (j) ~~Fireworks still possessed by a person who has just thrown~~
14 ~~ignited fireworks at a person or group of persons.~~

15 (k) ~~Model rocket engines or model rockets with engines~~
16 ~~possessed by a person who does not hold a valid permit.~~

17 (l) ~~An emergency signaling device sold, offered for sale, or used~~
18 ~~that does not bear the State Fire Marshal label of registration as~~
19 ~~required by this part.~~

20 (m) ~~Fireworks or pyrotechnic device offered for sale by a person~~
21 ~~violating this part.~~

22 (n) ~~Safe and sane fireworks distributed in this state by an~~
23 ~~unlicensed distributor and for which the tax required pursuant to~~
24 ~~Section 12559 has not been paid.~~

25 SEC. 3. ~~Section 12728 of the Health and Safety Code is~~
26 ~~amended to read:~~

27 12728. (a) ~~The State Fire Marshal Fireworks Enforcement and~~
28 ~~Disposal Fund is hereby established in the State Treasury.~~

29 (b) ~~All of the moneys collected pursuant to Section 12706 shall~~
30 ~~be deposited in the fund and shall be available, upon appropriation~~
31 ~~by the Legislature, to the State Fire Marshal for the exclusive use~~
32 ~~in statewide programs for the enforcement, prosecution related to,~~
33 ~~disposal, and management of seized dangerous fireworks, and for~~
34 ~~the training of public safety agencies in the proper handling and~~
35 ~~management of dangerous fireworks.~~

36 (c) ~~All of the moneys collected pursuant to Section 12727 shall~~
37 ~~be deposited in the fund and shall be available, upon appropriation~~
38 ~~by the Legislature, to the State Fire Marshal for the exclusive use~~
39 ~~in statewide programs for all of the following:~~

1 ~~(1) To further assist in statewide programs for the enforcement,~~
2 ~~prosecution related to, disposal, and management of seized~~
3 ~~dangerous fireworks.~~

4 ~~(2) The training of public safety agencies in the proper handling~~
5 ~~and management of dangerous fireworks as well as safety issues~~
6 ~~involving all fireworks and explosives.~~

7 ~~(3) Assist the State Fire Marshal in identifying and evaluating~~
8 ~~methods to capture more detailed data relating to fires, damages,~~
9 ~~and injuries caused by both dangerous and safe and sane fireworks,~~
10 ~~and to assist with funding the eventual development and~~
11 ~~implementation of those methods.~~

12 ~~(4) To further assist in public safety efforts within the general~~
13 ~~public as well as public safety agencies on the proper and~~
14 ~~responsible use, seizure, and storage of safe and sane fireworks.~~

15 ~~(5) Disposal of any seized fireworks and any infrastructure~~
16 ~~requirements necessary for the disposal of fireworks.~~

17 ~~(6) Administration of the fund by the Office of the State Fire~~
18 ~~Marshal or its contracted designee.~~

19 ~~SEC. 4. This act is an urgency statute necessary for the~~
20 ~~immediate preservation of the public peace, health, or safety within~~
21 ~~the meaning of Article IV of the Constitution and shall go into~~
22 ~~immediate effect. The facts constituting the necessity are:~~

23 ~~In order for regulatory changes to be adopted to address the~~
24 ~~public safety and environmental damage caused by illegal fireworks~~
25 ~~in the state at the earliest possible time, it is necessary that this act~~
26 ~~take effect immediately.~~
